# Who We Are

Chief Investigator Mike Donovan leads the Investigative staff and Chief of Administration, Jane Allen, heads the Management Services staff. There are three Chief Deputy District Attorneys who oversee the three major regions – Central, West Valley and the Desert, and one Chief Deputy District Attorney who oversees Juvenile in all the regions.

The Criminal Division is responsible for the prosecution of those who violate local and state laws. There are 190 attorneys on staff in 15 offices, to service an area of over 20,000 square miles. There are 45 sworn Investigators to assist the attorneys in getting cases to trial.

# Our Programs

The District Attorney's Office works hard to address the concerns of the citizens. Public safety is of major interest and concern to the residents of San Bernardino County. To meet the increasing demands of the public, the District Attorney's Office has implemented many different programs. Some of these are:

- ✓ The Check Restitution Program – a way for merchants to collect on bad checks
- ✓ The Grand Theft Auto Prosecution Team – targets major auto theft rings and chop shops
- ✓ An aggressive policy regarding the prosecution of “three-strikes” cases – as mandated by the voters
- ✓ Expanded our juvenile units to encompass the entire county with offices in San Bernardino, Rancho Cucamonga and Victorville
- ✓ Recognizing that our elder population was growing at a rapid rate, we implemented three Elder Abuse Units in the three major regions
